

# Indian Journal of Leprosy

ISSN 0254-9395  
www.ijl.org.in

Volume 96 Number 3 July–September 2024

Indian Journal of Leprosy is one of the oldest journals of India published by Hind Kusht Nivaran Sangh (Indian Leprosy Association). This Journal covers all aspects of leprosy, tuberculosis, other mycobacterial diseases and related areas. Issues are published quarterly in the months of March, June, September and December. The main objective of the Journal is to provide a platform for researchers on these aspects from India and abroad to exchange the knowledge, ideas and thoughts for eventual application on patient care and public health level.

Indian Journal of Leprosy publishes review articles, original articles, case reports, short communication, opinion articles letters to the editor and activity reports on different aspects of leprosy and other mycobacterial diseases.

The information and opinions published in Indian Journal Leprosy reflect the views of the author(s) and not of Indian Journal of Leprosy or its Editorial Board or the Hind Kusht Nivaran Sangh (Indian Leprosy Association). Publication, thus, does not constitute the endorsement by Indian Journal of Leprosy.

All rights are reserved. No part of the publication may be reproduced or distributed in any form or by any means or stored in a database or retrieval system without the prior written permission of the Editor, Indian Journal of Leprosy.

This Journal is indexed / listed with Scopus, Google Scholar, Quarterly Bibliography of Major Tropical Diseases, Excerpta Medica and listed in Infolep.

*Printed on acid free paper*
